

32,379 Veterans Take Advantage Of GI Bill

The Post-Korean, or third generation, G. I. Bill education and training program began its third year operation on June 1.

During the past two years, more than 32,379 veterans and 748 servicemen entered training in Illinois and the Gary-Hammond area under the Veterans' Readjustment Benefits Act of 1966, John B. Naser, Manager, Veterans Adminis-

tration Regional Office in Chicago, reported.

Nationally, more than 732,000 veterans and an additional 43,000 servicemen entered education and training the first two years of the current G.I. Bill, Naser said.

The Veterans' Readjustment Benefits Act of 1966, or Post-Korean G. I. Bill, grants VA educational assistance of one month, up to a maximum of 36 months

(4 school years), for each month of service.

Eligible for assistance are veterans who served on active duty at least 180 days, part of which was after Jan. 31, 1955, and servicemen with at least two consecutive years of active duty.

Of the 32,379 veterans and servicemen in the Illinois area who have taken advantage of Post-

Korean G.I. Bill education and training benefits, 20,079 entered institutions of higher learning, Naser explained.

Nearly two-thirds of all Post-Korean G.I. Bill students have entered college level training.

By comparison, only about half of the veterans who went to school under the Korean Conflict G.I. Bill entered institutions of higher

learning.

Less than one-third of the World War II veterans took college level training, he noted.

Since June 1, 1966, more than 12,350 veterans and servicemen entered schools in Illinois below the college level. Of these, all but 540 were veterans, the Manager said.

Naser explained that only vet-

erans are eligible under the present G.I. Bill for on-the-job training benefits.

And these have only been available to Post-Korean veterans since last Oct. 1. Since then 693 veterans entered on-the-job training in Illinois.

A breakdown of training totals shows 11,264 veterans and 58 servicemen are now entered in institutions of higher learning.

Enrolled currently in Illinois schools below the college level are 7,216 veterans and 485 servicemen, Naser said.

Taking on-the-job training in Illinois are 670 veterans.

The Manager explained that veterans have eight years from the date of their discharge from active duty to use their Post-Korean G.I. Bill education and training benefits.

However, veterans released from active duty between Jan. 31, 1955 and June 1, 1966 have until May 31, 1974 to use these benefits.

VA educational assistance available under this program ranges from a monthly allowance of \$130 or more (depending upon the number of dependents) for full-time institutional training to payment of only the actual cost of correspondence course.

VOL. LXXXII. NUMBER 51

Herbicides Ruled Out For Chain 'O Lakes

Associations along the Chain 'O Lakes have been warned to stop putting herbicides into the waters to kill off the weed growth.

The warning came from Clarence W. Klassen, chief sanitary engineer for the State Department of Public Health and technical secretary for the State Sanitary Water Board.

Klassen pointed out that it had come to the attention of the Sanitary Water Board that herbicide (Chlorman Atlas A) had been placed in some areas of the Chain and that 2,4-D ester had also been added to the water.

Klassen said the dosing of the waters results in total destruction of aquatic plant life and reduces or destroys other aquatic life and fish propagation.

Klassen said that all those en-

gaging in the practice of dosing the waters "cease the practice and not place any chemical in water of the state or water tributary to the state.

He said such dosage would render the waters harmful or detrimental to the fish or other aquatic life.

Klassen said he was acting under the authority in the Sanitary Water Board Act and on the Water Quality Standards for Intrastate Waters adopted by the State Sanitary Water Board March 5, 1968 and effective April 1, 1968.

He cited Rule 1.08 which states: "Waters whose existing quality is better than the established standards as of the date which such standards become effective will be maintained in their present high quality within the pow-

ers granted by the Illinois Water Pollution control statutes.

"The use of herbicides in waters of the state resulting in the destruction of aquatic life violates the above provision."

It was pointed out that the herbicides destroy all of the bank weeds as well as cause banks to crumble and block channels.

Some channels that were 10 feet deep are now only a few feet in depth due to the crumbling of the banks because of the herbicide use.

It was also pointed out that the weeds in the water provide oxygen to keep the lakes healthy and also provide fish with food and spawning grounds.

Boaters on the Chain have been reporting many dead carp float-

ing in the lakes and channels. Both the Illinois Department of Conservation and the Lake County Health Department agree that they have found no toxic substance in the water causing the death of the carp.

Roger Grunow, an engineer with the Lake County Health Department, said that request samples have been taken from the Chain this year.

All have been well within the standards adopted by the State Sanitary Water Board.

Grunow remarked: "If only carp are dying, it can't be anything toxic in the water. Carp are the last to die from water pollutants, and if a toxic substance were the cause of death, other fish would die before the carp."

Mark Tuttle of the Illinois Department of Conservation in Chi-

cago said: "I believe the death of the carp could be caused by spearing. Many people are spearing carp in shallow waters at this time of the year."

"Some carp are just injured, and eventually die."

"There is also the possibility that underwater weed cutting in shallow water in the spawning areas could cause their death."

"I do not believe it is from any toxic substance in the water."

Grunow was asked about the pollution of the lakes.

"All lakes have some pollution," he said. "Anyone swimming does so at his own risk."

"There are some people who might be susceptible to the pollution in the lakes, even though the pollution level is well within the standards adopted by the State Sanitary Water Board."

Hoogasian Wins! Area Vote Light

Lake County's first assistant State's Attorney, Jack Hoogasian, won an easy victory for the Republican nomination for state's attorney by more than 3 to 1. He will go against Democrat Alfred L. O'Connor, an assistant Illinois Attorney General in the November 5 general election. Hoogasian's vote total was 15,186 with his nearest opponent, Assistant State's Attorney Warren C. Bohr garnering 4,593 votes with Paul Hamer and Normand Cohen trailing.

All other candidates for county offices were unopposed in the primary.

LIGHT TURN-OUT

The primary election drew a very light county vote. A total of 34,466 of the county's 140,600 registered voters cast ballots. Only 24.5 per cent, less than one-fourth of the registered voters came out to vote. Broken down there were 26,909 Republican votes and 7,557 Democratic votes.

MENTAL HEALTH PROPOSAL DEFEATED

The proposal for a 7c tax hike to support mental health facilities and services was narrowly defeated by a vote of 13,817 for and 15,322 against.

NIXON DELEGATES WIN

A pro Nixon slate of Republican National Convention delegates was elected. However, all the returns from the 12th Congressional District which includes Lake and McHenry Counties and the Cook County townships of Barrington and Hanover are not in. The entire slate headed by Irl Marshall and backing Nixon was apparently elected.

Herbert L. (Hub) Stern of Highland Park, with 5038 votes, and William J. Bolger of McHenry, with 4,827 votes were elected delegates to the Democratic National Convention. Their nearest opponent, the Rev. Russell L. Bletzer, of Deerfield, gathered 3,313 votes.

Elected Democratic Convention alternates were Frederick M. Asher of Lake Forest with 3,067 votes and Harry A. Paine of Highland Park with 3,404 votes.

OGILVIE WINS

Both Lake and McHenry Counties gave Cook Co. Board Pres. Richard B. Ogilvie a plurality in the governor's race. Ogilvie received 11,828 votes in Lake County and Altorfer 10,622. Stratton, a Lake County native ran a poor third with 2,212 votes.

Results on Page 3

Public Hearing Set On County Zone Changes

A public hearing on proposed changes to the Lake County Comprehensive Zoning Ordinance will be held at 9:30 a.m. June 20 in the Lake County administration building.

The Lake County Zoning Board of Appeals will conduct the public hearing and the proposed changes include:

- Additions to the permitted use list.
- Changes in setback requirements.
- Changes in sewer and water requirements.
- Changes in UR-3, urban residential classification.

The Lake County Board of Supervisors will approve the changes. (Continued on page three)

State Bank of Antioch To Aid Gun Owners

The State Bank of Antioch is going to aid gun owners from the area who must register with the state, William Brook, president, said today.

Brook said the bank will set aside an area for those who need pictures taken for the gun registration on both Saturday, June 15, and Saturday, June 22.

Gun registration applications will also be available Brook said at no charge.

Gun owners have until July 1 to register under the state's new firearm owner registration law.

As of that date, anyone who acquires or possesses any firearm or ammunition must have a Firearm Owner's Registration Card. Cost of the permit is \$5 and the card is good for five years.

The law provides that the state will not issue permits to narcotic addicts; persons who have been patients in mental hospitals within the prior five years; mentally retarded persons; persons who within the past five years have been convicted of a felony or been confined to a penitentiary.

Also, to qualify, one must be 21 years of age, or, if under 21, he must have the written consent of a parent or guardian who has

a valid firearm owner's identification card.

The law applies to any firearm "designed to expel a projectile or projectiles by the action of an explosion expansion of gas or escaping of gas" collectors' items included.

The Public Safety Department has, by law, a 30 day period during which to investigate the application and issue a card.

Boy Drowns Swimming In Sand Lake

A 16-year-old Waukegan youth drowned last Friday in Sand Lake, near Lake Villa, while swimming with friends.

Dead is Nicholas Bojnowicz, of 514 Massena Ave., who was pulled from the water by divers.

Charles Hollocker, 17, of RFD 4, Lake Villa, told police he heard the youth call for help after he had dived from a boat about 100 yards from shore near Elmer Woolf's Resort.

Hollocker rowed a boat out and jumped into the water but was unable to locate the youth, one of ten children of Mr. and Mrs. Frank Bojnowicz.

G. L. Needs 2 Teachers

The Grass Lake School Board met Tuesday night and approved the use of the school cafeteria for a den mothers' training course to be held in June and July at the school.

The board accepted the resignation of first grade teacher, Mrs. Laraine Taylor, who resigned due to pregnancy. The School District is in need of a half day kindergarten teacher and a first grade teacher.

An electrical contract for some needed electrical work was given to Warren Electric Co. of Gages Lake.

Ace Roofing was authorized to repair the roof and install two new drain spouts.

The purchase of metal shelving for the new library from Latta Co., Cedar Falls, Iowa, was okayed. Mr. Schockmel hopes that the library will be open to the public by August 1.

Mrs. Helen Nelson was approved (Continued on page five)

Signal Light Contract Is Awarded

The Antioch Village Board of Trustees Tuesday awarded the contract for a signal light at Main and Lake Streets to Rivano Electric Co., Waukegan.

The price of the contract was \$8,564.

Two bids were received for the installation of the signal light at the intersection of the signal light at the intersection, the scene of several bad accidents in the past.

The other bidder was Seeco Electric Service, Inc., of Milwaukee, with a bid of \$9,632.

The award was made at a special meeting of the board called for the express purpose of discussing the contract.

This picture is typical of the scene that will be enacted July 19 and 20 at the Antioch Grade School Auditorium when "Hayloft Jamboree" will be presented.

Hayloft Jamboree Will Play Antioch

It will be "Hayloft Jamboree" time when an all star variety show is presented at the Antioch Grade School Auditorium on Friday and Saturday, July 19 and 20 at 8:00 p.m.

The show is being sponsored by the United Methodist Church of Antioch and the proceeds of the show will be used toward the improvement of the parking lot in the rear of the church.

"The Hayloft Jamboree" a variety show consisting of talent on stage has been presented in Antioch several times before with capacity crowds attending.

It is a charitable show in which all proceeds derived from it goes to the sponsoring organization.

The theme and the setting of the

show will be that of a hayloft with the talented entertainers crowding the "Ole Hayloft" awaiting their turn on the program.

There will be a variety of talent consisting of square dancers, guitar, banjo, fiddle, and bass groups, western singers, popular singers, comedian, and several "special" surprise acts.

Included in the show will be participants not only from the Church group but also those from Antioch and surrounding areas.

Anyone with talent is asked to join in the entertainment.

An audition will be held on Wednesday and Thursday at the Methodist Church auditorium starting at 7:00 p.m. Anyone interested in being in the show may audition

at that time. It is suggested that you bring along the instrument which is used for accompanying and music if piano accompaniment is needed.

The talent is not confined to any one age group, it is for people of all ages and everyone is welcome to audition for the show. It is not necessary to appear in both shows if unable to participate in both.

Tickets for the show may be purchased at the Methodist Church office, during the day from the Rev. Donald M. Cobb, or Mrs. Ruth Duha and members of the Methodist church. For further information call the Methodist Church office.

The Hayloft Jubilee has been under the direction of Florence E. Dexter Druehl since its start in 1948.

A "home talent" variety show, it has always played to full capacity house and has been warmly received by the public.

Mrs. Druehl is the originator of the show which has been produced solely for charitable organizations.

Antioch Youth Shot As Burglary Suspect

Kurt Williams, 18, of 405 Second St., Antioch, is recovering in Victory Memorial Hospital, Waukegan, after being shot while allegedly fleeing from the burglary.

Williams, a suspect in the early Sunday burglary of the A&W Root Beer stand at Rte. 173 and 7th St., was taken to the hospital from the home of Mrs. Jeanette Rundgren, of 830 Cedar Crest Drive, Lake Villa.

Also taken into custody were Greg Williams, 17, Kurt's brother, and Chuck Rundgren, 19.

Williams was wounded in the back, just below the neck, by one of five shots fired by Celia Hankins, owner of the root beer stand who lives with his wife in a home behind the business place.

Both Greg Williams and Rundgren were charged with burglary and freed on bond pending court appearances.

The shooting took place at 4:30 a.m. Sunday after Mrs. Hankins

was aroused when she heard a car pull into the parking lot.

She stepped out onto the porch she told sheriff's deputies, and heard noises in the stand.

She awakened her husband who secured a .38 caliber revolver and then went out to investigate.

He told deputies that he saw two persons lying in the grass about 25 feet northwest of the building.

They apparently saw Hankins and started to run toward Rte. 173. As they ran one of the subjects said: "We've been spotted, let's get out of here."

Hankins said a car then pulled into the parking lot and the two ran toward the vehicle.

Hankins yelled "Stay where you are," but the pair jumped into the auto and roared out of the driveway.

As the car sped away, Hankins fired five times and told deputies that he thought he wounded one of them.

At 8:30 a.m. deputies received at call to the Rundgren home where Mrs. Rundgren told them Williams was lying on the couch, shot.

Deputies said Williams admitted he had been shot in the burglary of the root beer stand when he was asked how he had been injured.

An examination of the car showed that a bullet had broken the left rear window. Eleven cartons of cigarettes, believed to be taken in the burglary were found in the automobile.

Deputies said entry to the root beer stand had been gained by breaking a window on the west side of the building.

Participating in the arrest were Deputy Sheriffs Arthur Moldenhauer, William Dennis and Herrance Cashmore.

County Board OK's Uniform Benefit List

The Lake County Board of Supervisors Monday approved an ordinance to establish uniformity in benefits, vacations, sick leave, retirement, overtime and working hours of the 750 employees of county government.

Provisions of the new ordinance include retirement at the age of 65 instead of being mandatory at 70, and sick leave of 15 days a year after one full year of employment, not to be accumulated, with 30 days in case of extensive illness.

Other provisions include: Vacations—one week after one year, two weeks after two years, three weeks after 10 years and four weeks after 15 years. To be taken each year as earned and a lapse of six months between vacations.

Sick leave—doctor's report required after three consecutive days. After 30 days must apply for disability at half-pay under the Illinois Municipal Retirement Act.

Hours of Work—except for administrative office employee, all others work 40 hours a week. Administrative office employees will work 37½ hours a week.

Overtime—Department heads not entitled to overtime pay. As a general rule, employees to take "time off" in lieu of additional compensation. Overtime pay must be approved by proper county board committees.

The 1968 Official State Highway map, mailed free to motorists upon request, has proved a popular item, according to Francis S. Lorenz, Illinois public works director. In addition to the state highway map, information regarding Illinois Sesquicentennial and maps of principal cities are included in separate section. Shown above with Director Lorenz is Ralph Brown, deputy chief highway engineer, right, examining a list of requests. Requests for free maps should be sent to the Division of Highways, Springfield, Illinois.

Honor Old Glory

Friday, June 14, is a day set aside for all Americans to honor Old Glory.

Too often, these days, we have seen the American Flag tossed into the dust, burned and desecrated.

We seem to have forgotten what the flag stands for.

We seem to have forgotten all of the lives that have been lost in defense of the flag, the symbol of our way of life.

We would like to feel that the acts of disloyalty against the flag are perpetrated by a minority of the citizens of our land.

Congressman Robert McClory, of Lake Bluff, has announced his support for the formation of a nationwide "Pride in America" committee to promote display of the American Flag and to encourage pride in our country.

Heading up this committee as honorary chairman is former President Dwight D. Eisenhower.

Congressman McClory has gone so far as to encourage the display of the United States flag that he is offering a flag for a car radio antenna and a metal lapel flag to be worn personally.

We agree with the "Pride of America" committee and support its aims.

We agree with Congressman McClory in his efforts to foster more "flag waving."

We urge everyone to fly the flag on Flag Day.

And every other day.

A Public Problem

Alcoholism is one of the growing problems in Lake County.

Recent figures show that approximately 14,000 persons in Lake County are afflicted with this disease.

There is a growing need for aiding the Lake County Council on Alcoholism in its fight against this disease, especially since more than 70,000 persons, all residents of the county, are affected, directly or indirectly to the ravages of this costly menace.

Another reason for supporting this organization is the fact that treatment facilities in Lake County are not adequate to meet the needs.

The purpose of the council is manifold, but standing out, it seems to us, are three things.

... To inform the general public about alcoholism and current methods of handling the problem.

... To stimulate concern about alcoholism and development of adequate treatment services.

... To develop and make available educational material and programs in cooperation with schools and universities.

As the council points out, alcoholism is a public health problem.

Therefore it is a public responsibility.

Courthouse Notebook

By Lou Durkin

Herewith a few impressions gathered during a quick weekend drive to Washington, D. C. . . .

There's a magic in the countryside if you leave the expressways and tollroads for a little while on a cross country drive. Our detours weren't exactly planned since we misread a few direction signs and found ourselves in the wrong lane at other times, but it was well worth the added time.

Just outside of Boonesboro, Md., on Rte. 68, we spotted a substantial collection of unrehabilitated Model "A" Fords which the owner is apparently planning to collect for sale later to old car buffs at a handsome profit. . . .

We went through small hamlets whose names rang a bell in our memory as having something to do with the Civil War and we regretted our rather cavalier dismissal of that period of our history as something of interest only to the Dixiecrats and Southern gentry. We went through Winchester and recalled that Gen. Phil Sheridan rode to or from Winchester to save the day or blow the deal. . . . Middleburg jogged our

memory, but not enough to impart any knowledge to our teenage traveling companion. . . .

The Shenandoah Valley evoked ooh's and aah's, a snatch of song about "You Rolling River. . . ." and a firm memory of important Civil War battles raging in the area.

Washington itself inspired some impressions. For example we know now why it takes so long for Washington to accomplish anything: People are constantly getting lost on streets that suddenly disappear from under you right in the middle of a block. Well, anyhow, visitors get lost in a hurry. After a while you get the feeling that the law of magnetism that controls the compass has been rewritten by the Supreme Court. . . .

If anyone thinks the U. S. Government isn't big business with one helluva lot of people working for it he should take a look at the new government buildings going up and the new apartments and housing developments being erected to house the myriads of federal employes. . . . Washington, of course, is a great Mecca for tourists so the metropoliten

area abounds with motor hotels, motels, miniature golf courses and drive ins. In fact there are so many new motor hotels going up you get the feeling the dominant architecture is changing from D. C. Gothic to 20th Century Holiday Inn. Except, of course, in Resurrection City, which is more Campdown Raceway. . . .

The misguided tour took us through Georgetown; that's Old Town, Chicago, with a bath. The names of the shops, the decor, and the atmosphere are somewhat similar to Old Town, but there is a feeling of authenticity and charm which are lacking in the self-conscious commercialism of Chicago's tourist trap. . . .

There was a somber feeling in Washington over the weekend because of the funeral of Sen. Robert F. Kennedy and even in the restaurants the visitors to the city felt a little guilty about going through the routine of eating. Entertainers tried to stir up some enthusiasm, but their hearts weren't in it and their audiences didn't seem to mind that the songs lacked sparkle and the music fell flat. . . .

A caravan of Air Force trucks loaded with personnel swept through the city adding to the sobriety, although they might have been on a routine shift of station or perhaps even part of the funeral procession. Sure, and the knots of police clustered on corners near the White House were there just to direct traffic. . . .

There's a unique thrill in driving around Washington, D.C. and viewing the monuments and the symbols of power as represented by the great masses of granite and marble. And there is a feeling that the men who built this city and the country it represents will somehow find the answer to the problems that have turned this great city into a massive area of gloom.

Letters to the Editor

We have been moved to reply to the editorial "Send Them Home" (The Antioch News, May 23, 1968) with the following article.

"College has always been depicted as a quiet campus with ivy-covered walls where the wisdom of the ages is imparted" by those many outside the campus who do not know the people and the problems here. These same unknowing people now imagine "a minority group of radicals making demands under the guise of free thinkers and we want to be a part of the establishment making the rules."

We feel that now is the time that college officials must find the courage to face the inadequacies of our educational system which those experiencing the system see. We are not omniscient, nor claim to be, but speak from our first year's experience at the University of Illinois. Perhaps this article will destroy some people's misconceptions of the University and its future.

While the editors of The Antioch News wish to preserve the present system, the people actively involved in education—administrators, professors, and students—are proposing solutions and converting some of these proposals to working policy. This action is taking place through the ad hoc committee on education reform.

The committee is not a renegade Communist conspiracy to taint our minds. It is an accepted, concerned body of reasonable people with ideals, but with minds tempered to realistic solutions for our pressing problems. The committee of students has met with Professor Charles Wert, chairman of the Faculty Senate educational reform committee, and Law Professor Rubin Cohn. Are these the kind of men that the editors of The Antioch News see "looking elsewhere for their employment?"

Perhaps you would fire the entire Faculty Senate or maybe the administration that allows a faculty Senate to harbor an educational policy committee. Or would you like to make an example of Chancellor Jack W. Pellason who encourages the educational reform movement?

Are we just arguing for "a minority group of radicals"? This Spring the student body elected Jim Kornibe to the office of Student Senate president. He ran on an education reform platform. (So did the other candidates.) Is he an insane, violent, social outcast? No! He has served in this country's armed forces. He knows how to communicate. He has concrete plans—plans which are of an extreme (or radical) nature—which he is willing to put into action. These are actions that will benefit not only Jim Kornibe, but the present students, faculty, and those to follow us.

Another "minority group of radicals," the Graduate Student Association, elected Bruce Morrison to its presidency. He disagreed with some of the reform tactics.

area abounds with motor hotels, motels, miniature golf courses and drive ins. In fact there are so many new motor hotels going up you get the feeling the dominant architecture is changing from D. C. Gothic to 20th Century Holiday Inn. Except, of course, in Resurrection City, which is more Campdown Raceway. . . .

The misguided tour took us through Georgetown; that's Old Town, Chicago, with a bath. The names of the shops, the decor, and the atmosphere are somewhat similar to Old Town, but there is a feeling of authenticity and charm which are lacking in the self-conscious commercialism of Chicago's tourist trap. . . .

There was a somber feeling in Washington over the weekend because of the funeral of Sen. Robert F. Kennedy and even in the restaurants the visitors to the city felt a little guilty about going through the routine of eating. Entertainers tried to stir up some enthusiasm, but their hearts weren't in it and their audiences didn't seem to mind that the songs lacked sparkle and the music fell flat. . . .

A caravan of Air Force trucks loaded with personnel swept through the city adding to the sobriety, although they might have been on a routine shift of station or perhaps even part of the funeral procession. Sure, and the knots of police clustered on corners near the White House were there just to direct traffic. . . .

There's a unique thrill in driving around Washington, D.C. and viewing the monuments and the symbols of power as represented by the great masses of granite and marble. And there is a feeling that the men who built this city and the country it represents will somehow find the answer to the problems that have turned this great city into a massive area of gloom.

and yet strongly supports the reform movement. He says, "Education comes from the ability to critically think, not from facts." The information hurled at us cannot be equated with education. In his Centennial convocation address, Paul Schroeder, a senior in political science, expressed the problem:

"The University has not fulfilled its responsibility. It never taught me how to ask a question. I was told: I was lectured to. I was asked to accept the answers to yesterday's questions. In some rare instances, teachers have looked at me, expecting something new to come out of my head. I failed them, and myself."

In short, education reform is an effort to create a thought provoking atmosphere, to educate the individual to the utmost of his abilities, to broaden the students' field of exploration, to make student and faculty members realize that they can both gain from informal discussion (i.e. in a departmental coffee shop), to make the system flexible enough to quickly accommodate the necessary changes, to stop wasting time on mountains of facts forgotten as quickly as the passing of final week. The time has come to promote understanding and explanation; to hasten the attainment of the "what" of knowledge and add the "why" of wisdom.

We want to keep those who need no guise for their thought. We want to have our university changed. We hope that those around us will see the pressing need for a better tomorrow and join in our effort to revise and reorient one of our nation's most valuable institutions—education of the youth.

Sincerely,
Lance Barthel Glen Osteloh
312 E. Armory, Champaign, Ill.

To the Editor
The Antioch News
Dear Sir:

News of anarchy rampant in the United States, France, and other Free World countries, plus the phony peace negotiations in Paris, has crowded the horror of the Vietnam war from the headlines. However, the knocking out of a vital U. S. base and the destruction of more than 100 helicopters by ONE RUSSIAN ROCKET, did make the front page. The Russian missile slammed into Camp Evans, 16 miles from Hue. The blast touched off fuel, spread to the ammunition dump and into more than 100 helicopters. The base was virtually leveled.

In the face of this action, our diplomats in Paris beg the North Vietnamese propagandists: who have condescended to talk about total American surrender; to make some minute sign or statement to give face to our further de-escalation.

Surely the brains of our government are aware that the immediate superiors of these North Viets, now big-mouthing in Paris, do not control the course of the Vietnam war. China has its part in the general communist aggression, but the boss is the Soviet Union. Most six-graders would accept the evidence of this fact.

Not so our government. The Establishment is so committed to the building of bridges; through trade, exchanges of this and that, and a general soft policy; that such public admission is impossible, even as Russian rockets level U. S. military installations.

The blame for our difficulties must be nailed to the whole of America. We COULD elect officials who would face up to the nature of International Communism, and act accordingly.

The total capacity of all electric generating plants in the United States in 1902, 60 years ago, was 1,200,000 kilowatts. By 1955 generating capacity had increased in the United States to 114,472,000 kilowatts and this capacity doubled in the next ten years so that by 1965 to the total was 235.6 million kilowatts.

ALONG THE WAY with Annie Mae

FAREWELL GIVEN FR. MCGOVERN

Father Thomas McGovern was honored with a surprise going away party by Fred and Fran Walpole Friday evening. Many of Father McGovern's friends were in attendance.

Father McGovern left St. Peter's Church Sunday, and will be the new Associate Pastor at St. Ferdinand's Parish, 5900 Barry Ave., Chicago.

Fr. Eugene Keusul of Bellewood, Ill., will replace Fr. McGovern. GUESTS FROM CARM

Mr. and Mrs. Elvis Erkman of Carmi, Ill., spent the weekend with Mrs. Homer Gaston and family.

DON'T FORGET-EMS
Don't forget Father's Day this weekend.

And don't forget to put your flag out Friday for Flag Day!

That's all today from ANNIE MAE

Early to bed, early to rise—"If you make enough money to do otherwise."

21% of Antioch Voters Cast Ballots Tuesday

Approximately 21% of the registered voters of Antioch Township came out to vote. Of 4961 registered voters, only 754 Antioch area Republicans and 189 Antioch area Democrats cast votes in Tuesday's election.

The mental health referendum was defeated in Antioch township.

It won in Precincts 1 and 3 by small margins. The total vote was: 367, Yes; 468, No.

Antioch Township gave Altorfer 308 votes. Ogilvie received 191, Stratton 173 and Sutton 52 votes.

Grass Lake Precinct 4 cast the heaviest vote in the township with 244 Republicans and 19 Democrats voting . . . for a 28% turnout.

Standard Oil Puts Out Travel Guide

A colorful new guide to travel in Illinois, artistically blending geography, history, biography and modern tourism, is now available to motorists at Standard Oil stations throughout the state.

"A Traveler's Guide to Illinois History" is American Oil Company's contribution to the state's sesquicentennial celebration.

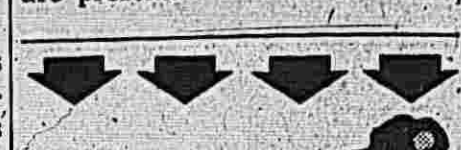

A feature of the guide is an illustrated map depicting 10 of the men whose actions greatly influenced the development of the Prairie State, and many of the sights and locations, historic and modern, that may be seen today in a series of motoring tours.

The text accompanying the map contains brief biographies of the 10 outstanding historical figures and recounts some of their more memorable accomplishments and exploits.

The reverse side of the guide contains 10 recommended motor tours, each named for one of the 10 men, showing motorists how they can reach points of interest in various areas of the state on one-day or weekend driving tours.

The recommended tours list not only points of interest but contain detailed instructions on routes and mileages.

Defensive drivers will expect the unexpected from children and slow down when they are present. In fact, Illinois law requires motorists to drive only 20 mph through school zones when signs are posted on school days and children are present.

Your Congressman Reports....

By Cong. Robert McClory

In response to a charge that from 10 to 30 million Americans are starving or undernourished, the House Committee on Education and Labor has been conducting hearings on a proposal to establish a permanent Commission on Hunger.

The hearings are supported by a publication entitled "Hunger U. S. A."—a document produced by a Citizens' Board of Inquiry into Hunger and Malnutrition in the United States. The evidence in this publication is shocking. In this land of affluence and agricultural surpluses, only governmental or bureaucratic mismanagement could account for such results, and the story of the failure of governmental programs and efforts at distributing needed food to the poor is most revealing.

The report charges that the department of Agriculture and the House Agriculture Committee develop their policies in favor of the agricultural producers in preference to the consumers—including the poor and hungry.

These charges have been denied by the Secretary of Agriculture, Orville Freeman. Furthermore, much of the evidence of starvation and undernourishment referred to in the Report on Hunger appears to be disputed by the designated local and state officials.

One aspect of the charge of hunger relates to the Federal School

Lunch Program in which the Federal Government provides funds on the basis of \$1 for each \$3 contributed locally to provide lunches for school children. It is charged that only about one-third of the poor children are benefited by this Federal legislation—that those children who are too poor to contribute to the cost of meals under the School Lunch Program feel "humiliated"—and that many state and local school authorities do not participate adequately in order to carry out the Congressional objective.

Witnesses appearing on behalf of a Committee on School Lunch Participation have recommended that school lunches "should be free to all children as a normal part of their educational program." A further suggestion has been made that this should be expanded to provide breakfasts for all school children as well, and that the program should commence at the pre-school level.

One of the Congressional interrogators inquired whether a proposal such as this should not be carried one step further to include evening meals for all school children which would, in effect, provide for the complete feeding of some 50 million school-age youngsters away from their homes.

The estimated cost of luncheon alone, at 50 cents per pupil, would amount to \$4.5 billion per year during the normal school period of 180 days. If calculated to cover the entire calendar year and broadened to include breakfast and supper the estimate could reach \$15 billion per year or more.

The need for all citizens of the Nation to have an awareness of the need for proper diets and adequate nutrition should be considered in the light of any proposal for the Federal Government to administer to the nutritional needs of more than 200 million people.

The adoption of a program of universal medical care—Medicare—developed from the plight of many elderly citizens who were without means to provide for their

own care. The result was that ALL citizens 65 years of age and older, regardless of their private wealth, became blanketed into a universal hospital care program. Meals for school children and others, regardless of need, might follow the same pattern unless emotion and compassion are tempered by reason and logic. No Members of Congress—nor other citizens for that matter—wish to see their fellow Americans, old or young, deprived of three square meals a day. Fulfilling that objective should be the main purpose of a Commission on Hunger.

The tragic slaying of Senator Robert F. Kennedy has shocked citizens into a realization that violence and lawlessness are rampant in our nation. Coupled with the expressions of grief and dismay, there are impassioned demands for a restoration of order and respect for the law. Prompt action in the House of Representatives in passing the omnibus crime bill was consistent with the overwhelming public antipathy to the mounting incidents of tragedy and lawlessness, climaxed by the horrendous murder of Senator Kennedy.

The new crime bill provides strict regulation of firearms to the extent of prohibiting all mail order and other interstate sales or transfers of pistols and revolvers. It is the hope and expectation that these provisions may reduce the opportunity for criminal and irresponsible elements in our society to obtain these lethal weapons.

The measure also expresses congressional dissatisfaction with recent Supreme Court decisions, notably the controversial Miranda case, which has limited sharply the authority of law enforcement agents in the interrogation of criminal suspects. Under the crime bill, the police will have greater latitude in questioning criminal suspects, subject to a subsequent determination by the court of the "voluntariness" of statements made during interrogation. This should clearly strengthen the stance of law enforcement officers and discourage those criminals who have found an escape through the Miranda and certain other Supreme Court decisions.

While prohibiting the use of private wiretaps, the new bill will authorize courts to permit investigative and law enforcement agents to use wiretaps in various types of cases, particularly those involving organized crime.

Above all, the new crime bill establishes a national policy regarding law enforcement, giving direction and support to training and research programs designed to strengthen local and state law enforcement agencies.

The shocking and virtually incredible assassination of Senator Kennedy may finally have aroused the public conscience against crime of all sorts. The call for legislative action has been answered long since. The time for united public action in support of law and order is—NOW.

Insurance Firms Support Bolton

The 25 Illinois Chicago based casualty companies have announced their support of Illinois Insurance Director John F. Bolton's proposal to ask the legislature for a new insurance filing statute to permit automobile rates to seek their own equitable level in an open market place.

In the annual report of their Illinois Information Service, the 25 companies noted that all companies writing automobile lines experienced incurred claims losses approximating \$355 millions in this state alone in the last calendar year.

"The companies which write the insurance for about three out of four private cars in Illinois said incurred losses continue to increase at a rate of about \$1.5 million per month.

"In the second quarter of 1968, the industry is operating on Illinois rates established in 1966. With continued increases in severity of losses and pressure of inflation, statutory underwriting results for most Illinois automobile writers in 1967 were pushed into red ink," the companies stated.

At the 10th annual meeting of the Illinois Insurance Information Service held at the Union League Club in Chicago, the companies elected Nelson K. McBrien, executive vice president of Miller's Mutual Insurance Association of Illinois, Alton, as president for the year.

Higher Interest Rates For Savings Bonds

U. S. Savings Bonds and Savings Notes—popularly known as "Freedom Shares"—are now paying higher rates of interest according to Philip L. Speidel, chairman of the Treasury's volunteer savings bonds committee for Lake County.

Effective June 1, 1968, the interest rate on E and H Bonds was raised from 4.15 per cent to 4.25 per cent when held to maturity—the full legal limit permitted under present law. Outstanding E and H bonds also carry a comparable rate increase to next maturity.

The interest rate on Freedom Shares was increased from 4.74 per cent to 5 per cent on issues dated June 1 and thereafter. There is no legal authority to improve the yield on Freedom Shares issued from May 1, 1967 through May 31, 1968, since they come under a different law.

Mr. Speidel reports that the restriction that Freedom Shares may be purchased only by individuals enrolled in a regular purchase plan has been dropped. Effective June 1 Freedom Shares are available for single, over-the-counter purchase, in combination with an E bond of the same or larger denomination.

In announcing the improvements in Savings Bonds and Freedom Shares President Johnson said, "They offer an opportunity for the citizen to participate in America's goals and dreams." The Savings Bonds Program offers a partnership in which we should all belong.

Need Law To Prevent Takeover

Legislation to prevent unlawful takeover of college property and facilities by protesting students should be one of the major projects of the new governor of Illinois, S. Thomas Sutton, Republican candidate for that post, said Sutton said he would propose legislation which would severely discipline any student or students whose on-campus protests involve the destruction of property or criminal trespass.

A first offender would be suspended 60 days, he explained; a second offender would be denied readmittance to any state college. To gain readmittance, the second offender would have to petition the state board of higher education.

Sutton cited recent student takeover at Columbia University, Northwestern University and other colleges throughout the nation, commenting, "Adults are supposed to run the schools, not the children. If the children are so brilliant that they can run the colleges, there's no reason to send them to college at all."

If local authorities cannot quell student uprisings, Sutton said, he as governor, would send in a special "tactical control squad" of the state police to restore order.

Sutton has proposed that a specially-trained unit of the state police be formed to control rioting and looting in areas where the local authorities cannot cope with the situation. He originally proposed that the unit consist of 350-400 men, but he now believes that a larger force might be needed.

College officials, deans or counselors who negotiate or confer with student groups breaking the law in their protests, would also be disciplined, Sutton said.

He said that the Negro demands at Northwestern are proof of his contention that "the Negro and white agitators do not know what they want or why—only that they have dedicated themselves to destroy our society."

Major planks in Sutton's campaign platform are abolition of all human relations commissions and repeal of open housing laws. He is also opposed, as director of "Operation Crescent", to the pupil busing project of the Chicago public school system.

"I oppose school busing for racial or religious experimentation," Sutton said. "They're playing games with children."

Sutton, a lawyer with offices in Elmhurst and residence in rural Wayne, has proposed that the Chicago school system be divided into six separate school districts.

"One or two of the districts would be all-Negro," he explained, "with the power to teach anything they wanted within the statutory limits."

Each district would have its own board of education and the power to hire or fire personnel. Teachers holding seniority in the present school system would be allowed to retain their posts. The same tax base that now supports the unified Chicago system would still apply, with tax revenue allocated to each district on the basis of school attendance.

Excellence Award To Area Holsteins

Robert L. Hunter, Ravensgle Farm, Antioch, has been notified by Holstein-Friesian Association of America that Registered Holstein cows in his herd have received an "E" designation for body type conformation.

On the basis of their previous classification of "Excellent," Hawthorn Fond Venus 4651659 and Queenie Ravensgle Princess 6055-145 have been awarded 2E designations.

This new phase of the Holstein Association's long-time breed improvement program provides additional recognition for "Excellent" cows that are reclassified "Excellent" beyond the age of maturity.

A cow may be designated 2, 3, or 4E according to her history of previous "Excellent" classifications within specified age brackets. Among the 75,000 Registered Holsteins scored for body type each year, only slightly more than one per cent attain "Excellent" status. Thus, the achievement of multiple "E" designation makes the individual cow a more valuable asset for herd improvement purposes in the dairyman's breeding program.

Edison Chairman Sees Growth Ahead

Chairman J. Harris Ward at Commonwealth Edison Company's annual meeting in Chicago has forecast another year of growth for the electric company, but said an anticipated gain in earnings could be offset by increased taxes or other factors such as cool summer weather or storms.

"Keeping all these uncertainties in mind," he said, "we estimate that our 1968 earnings will be close to \$3.20 a share, compared with \$2.98 we earned last year. But if the 10 per cent surtax becomes law, this increase would be partially or completely wiped out." Ward also predicted that with hot weather this summer Edison's sales growth will show marked improvement over 1967.

Each district would have its own board of education and the power to hire or fire personnel. Teachers holding seniority in the present school system would be allowed to retain their posts. The same tax base that now supports the unified Chicago system would still apply, with tax revenue allocated to each district on the basis of school attendance.

Public Hearing . . .

(Continued from page one) perversors also has on hand some 27 pages of suggested changes by the staff of the Lake County Regional Planning Commission.

Some of the proposals came from the highway department, building and zoning department, public works department, zoning board of appeals itself and the county board zoning committee.

The hearing will be held on the 10th floor of the new building in Waukegan.

If we all drive with care everywhere and especially near schools and playgrounds, the tragic waste of our most precious resource, our children, can be reduced. We should not only watch out for the other guy but also for the small fry.

Where The Boys Are

GUAM, M. I., May 28—Aviation Electronics Technician Third Class Norman L. VanRooyen, USN, 21 son of Mrs. Ida Wysoglad of 163 5th Ave., Antioch, was advanced to his present rate while serving with Heavy Photographic Squadron-61 at the Naval Air Station, Agana, Guam.

His advancement was based on time in service and rate, military appearance, performance of duties and passing the Navy-wide test for promotion.

His squadron is famous for its high quality aerial reconnaissance and cartographic work which helps keep maps and graphs up-to-date and accurate.

VIETNAM, May 23—Marine First Class Daniel T. Hanson, 19, son of Mrs. George Peckenka of 604 Piper Lake Villa, is serving with the First Marine Aircraft Wing in Vietnam.

As a member of the Wing he helps provide aviation support for the First and Third Marine Divisions operating in the five northernmost provinces of South Vietnam.

A graduate of Grant Community High School in Fox Lake, Private First Class Hansen entered the service in June 1967.

AMARILLO, Texas—Airman Richard D. Stettin, son of Mr. and Mrs. Wallace P. Stettin of Rt. 3, Lake Villa, has completed basic training at Amarillo AFB, Texas. He has been assigned to the Air Force Technical Training Center at Sheppard AFB, Texas, for specialized schooling as an aircraft maintenance specialist.

Airman Stettin is a 1967 graduate of Grayslake High School.

Pot Luck Lunches For M.E. Circles

Alice Circle and Martha Circle of the Antioch Methodist Church will each hold pot luck lunches at 12 noon on Wednesday, June 19.

Alice Circle will have its luncheon at the home of Mrs. William Petty, and Martha Circle will meet at the home of Mrs. Roy Kufalk. All circles will resume meetings in September.

A meeting of the Algoma Optimist club at 7:30 a.m. Tuesday was a breakfast session, as will be future get-togethers. Members are assured that all meetings will end at 8:30 a.m. so that no one will be late for his coffee break.

CHRISTIAN SCIENCE CHURCHES

"The Lord is my rock, and my fortress and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation and my high tower."

This verse from Psalms is part of the Responsive Reading in this week's Lesson-Sermon to be read in all Christian Science Churches this Sunday. Subject of the Lesson is "God the Preserver of Man."

"Selections from the denominational textbook, 'Science and Health with Key to the Scriptures' by Mary Baker Eddy include the following: 'If we are Christians on all moral questions, but are in darkness as to the physical exemption which Christianity includes, then we must have more faith in God on this subject and be more alive to His promises.'"

The service at First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, Antioch, begins at 11 A.M. The public is invited to attend.

SUNDAY, JUNE 16, 1968

We all need encouragement and appreciation. Often, though, these seem most lacking when they're most needed. Where can we find strength for times like these? The Bible teems with helpful ideas on the subject. Listen June 16th. at 9:30 a.m. on WAIT, 820 kc., to "DO YOU FEEL APPRECIATED?"

Lake Bluff Children's Home Changes With The Times

The Lake Bluff Children's Home plans on establishing a third group home in or near Chicago and opening a new office for specialized non-residential counseling services in Chicago to children and to families with child-oriented problems.

These two projects will replace the residential treatment program on the Lake Bluff campus. The residential treatment program will be gradually phased out this summer according to the needs of each child.

Institutional services to emotionally disturbed children will be moved to the new group home in the Chicago area until a new treatment center can be built in an appropriate location.

Administrative headquarters and certain other activities including adoption placement services and counseling rehabilitation service to unmarried parents will continue in Lake Bluff.

"Lake Bluff Children's Home was built 74 years ago as an orphanage for 140 children," said D. Coyd Taggart, Executive Director of the agency. Although

church sponsored, it is nonsectarian in its program and policies. "The needs of children have changed through the years," he said. "The child needing help changed from the orphan to the child victim of the depression to the mildly disturbed child and the homeless child to the severely disturbed child."

Taggart said that it required too much money to support the outdated building, and that the money could be better spent for "persons, not buildings."

He noted that the number of children has been diminishing in the residential treatment program, and that Lake Bluff wasn't right for the children. Many of the children come from the inner city and have great difficulty competing with the college-bound children in the suburban schools.

"By adding a Non-Residential Counseling Center in the Loop, and a third group home, we will be providing help for increasing numbers of children and their parents in the area of prevention, while we make plans for construction of a new residential treatment center," said Taggart.

The agency already has two group homes in operation, one in Zion and one in North Chicago.

In addition, its multiple function includes foster family care, family counseling of parents, and relatives of children under care, counseling and rehabilitation of unmarried parents and adoptive services.

The agency also plans to do even more in finding homes for hard-to-place children and in helping unmarried mothers. Staff of the home is working with a committee to develop a demonstration project during 1969 which will experiment in services to the unmarried mother who wishes to keep her baby. This will probably include some kind of day nursery facility and counseling services.

Lake Bluff Children's Home is an independent, gift-supported child welfare agency, receiving partial support from the Crusade of Mercy of Metropolitan Chicago and several suburban Community Chests.

Four Area Students Get Degrees At S.I.U.

Degrees were awarded to four Antioch area students in graduating exercises held at Southern Illinois University's Carbondale Campus on Friday, June 7.

Robert A. Eisen, of Antioch, and Torben H. Hartman of Lindenhurst received Bachelor of Science degrees, and Carmen Manzardo of Winsor Drive and Edward J. Cain of Lake Villa received Associate in Technology degrees.

Over 2,500 students received degrees in the afternoon and evening exercises at the SIU arena.

Bruce A. Bonner, of Lake Villa, graduated June 2 from Wabash Valley College, Mt. Carmel, Ill. He received an Associate Degree in Agricultural Mechanics. He was on the Dean's Honor List with a 3-point grade average.

Bonner is the son of Mr. and Mrs. Howard Bonner of Sand Lake Road, Lake Villa.

Sandra J. Hansen, a graduate of Antioch High School, was awarded the Associate Degree of Applied Arts at Shoreline Community College, Seattle, Washington, on Friday evening, June 7. Sandra's address is 5893 22nd Pl., S.W., Mountlake Terrace, Washington.

Beach Grove News

By Del Jalneke

Approximately 65 friends, neighbors and relatives converged on the James Balsamello home, Beach Grove, Sunday, June 9, to thoroughly enjoy a pre-graduation party for Miss Barbara Balsamello. Miss Balsamello will receive her B.A. degree from the University of Illinois in Chicago on June 16th. However, "Barb" will be leaving for a tour of Europe shortly after her graduation; hence the pre-graduation party.

A smorgasbord supper was served to the guests; with dancing and just visiting the order of the evening.

Mr. and Mrs. William Alm, Jr., Antioch, are the parents of a "big, bouncing baby boy," born June 9 at Victory Memorial Hospital in Waukegan, and weighing in at 9 lb. 1/2 oz. This very young man will find an older sister, Audrey, waiting to greet him, when he arrives home.

Mrs. Alm, Jr. is the former Sandra Maeder of Lake Villa. Grandparents are Mr. and Mrs. William Alm, Sr., Beach Grove, and Mr. and Mrs. Edward Maeder, Lake Villa.

The difference between sowing wild oats in the city and in the country towns is that the neighbors in small towns know the size of the crop.

Campus News

Mrs. Raymond R. (Lynn) Marro, daughter of Mr. and Mrs. Ernest B. Ott, Antioch, was initiated as a member of the Alpha Chapter of Kappa Delta Pi, the National Honor Society in Education.

Mrs. Raymond R. (Lynn) Marro.

She graduated from Antioch High School and was an honor graduate of the University of Illinois, February class of 1968.

Mrs. Marro is now teaching in the Champaign-Urbana School System.

Norbert Wolter of Rt. 5, Antioch has been initiated into the Alpha chapter of Kappa Delta Pi, honor society in education at the University of Illinois at Urbana-Champaign.

Wolter is the son of Mr. and Mrs. Ferdinand Wolter of Prairie Avenue, Antioch.

David and Patricia Kraninger were among the graduates from Marquette University in Milwaukee on June 2, 1968.

David received a Bachelor of Science degree in Mechanical Engineering and Pat received a Bachelor of Science degree in Speech Therapy.

Pat is the former Patricia Kennedy, daughter of Mr. and Mrs. Dudley Kennedy of Antioch.

The couple reside in Milwaukee and both plan on working there. Pat is employed by the Milwaukee School System and David will begin work at Galk Corporation as a sales engineer in August.

SPRINGFIELD, Mo. — R. Lynette Gamble, daughter of Mr. and Mrs. Leslie Gamble, Ewing, Mo., formerly of Antioch, is one of 135 members of the 1968 graduating class at Evangel College, Springfield, Mo.

Commencement exercises were May 23. Miss Gamble received a Bachelor of Arts degree, with a major in speech and drama.

Walter Block, President of Quaker Industries Welcomes Officials From S & H Company

Some of the 2,000 merchandise items that 37 million Americans will be able to get next year with their trading stamps were previewed this week in eight Wisconsin and northern Illinois manufacturing plants.

The new products were displayed to officials of the purchasing department of The Sperry and Hutchinson Company, New York, whose S & H Green Stamps are exchanged for merchandise in 850 stamp redemption centers throughout the United States.

A. R. Thorp, assistant vice president and chief purchasing agent for the trading stamp company, said his firm purchases more than

\$6.2 million worth of products from the eight firms which include Quaker Industries, Antioch; Nylint Toy Manufacturing Company, Rockford; Parker Pen Company, Janesville; Worldbest Industries, Cudahy; Marlin Toy Products, Horican; West Bend Company, West Bend; Mirro Aluminum Company, Manitowoc, and Garton Toy Company, Sheboygan.

Annual S & H merchandise purchases from all manufacturers in the two states are in excess of \$28 million, Thorp added.

Those who visited the Illinois and Wisconsin plants were Walter R. Busch, Kenneth Postel, and Albert J. Biemer, S & H buyers.

Emmons School Graduates 19

Nineteen students graduated from Emmons School last Thursday, June 6. Those graduating were:

Gregory M. Benning
Glen J. Bruggemann
Debbie S. Carter
John A. Cook
Diane L. Fischer
Constance M. Green
Donna M. Haase
Carole Lynn Hall
Jeffery J. January
James L. Justus
Cory D. Kovachy
Holly A. Lang
Sally L. Major
Kirsteen A. McDowell
James P. Revell
Wayne P. Soder
Barbara S. Sullivan
Debra L. Thibedeau
Jena M. Vineyard
The class officers were: James P. Revell, president; Donna M. Haase, vice-president; Diane L. Fischer, secretary; Barbara A. Sullivan, treasurer, and Constance M. Green, Sgt.-at-arms.

Twins Club Meets June 20

The Lake County Chapter of Mothers of Twins will hold its monthly meeting at the YWCA, 445 N. Geneseo, Waukegan, on Thursday, June 20 at 8 p.m. The Red Cross will present a program on Water Safety and First Aid.

All mothers of multiple birth children are invited to attend. For additional information concerning the club, please contact Mrs. Kenneth Mattson at 395-0405.

Some of the world's most disappointed people are the ones who got what was coming to them.

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

Contest for Students

Lindenhurst will have its own Village flag. In an effort to find an appropriate emblem, the Lindenhurst Men's and Women's Clubs are sponsoring an interesting and challenging contest. An invitation is extended to all grade school and high school students who reside in the village to submit original and appropriate designs for this emblem.

The contest runs from June 1 to June 30, 1968. Entries will be judged by Ray Parpan and Ernie Garcia, representatives of the Lindenhurst Men's Club, Mrs. Fred Thomley, Lindenhurst Women's Club representative, Reginald French, Mayor of Lindenhurst, and a member of the Lindenhurst Village Board, to be named later. A valuable prize will be awarded the winner of each age group. Contestants are requested to please observe these few simple rules:

1. Contestant must live in village of Lindenhurst.
2. Each student is limited to one entry.
3. Design must be on an 18" by 24" mounting, with a limit of three colors.
4. The back of entry must carry the following: (a) contestant's written signature; (b) contestant's age; (c) contestant's name and address; (d) name of school contestant attends.

Please deliver entries to Jack Kempher, president of the Lindenhurst Men's Club, 66 North Brook Lane, Lindenhurst, Illinois 60046. Rummage Sale

The Annual Rummage sale sponsored by the Altar and Rosary Society of Prince of Peace Church will be held on Friday, June 21, and Saturday, June 22. Donations may be brought to the school building starting June 7, and no later than June 11.

Vacation Bible School will be held at St. Mark Lutheran Church from June 10 to 21, from 9 a.m. to 11:45 a.m. Help is needed to hold these classes.

Surprise Party
Mr. and Mrs. Lou (Ruby) Swoboda of Valley Drive planned a surprise party for their daughter, Mrs. James (Bonnie) Brusk of Lake Marie Sunday, June 2. Also attending were Jim's parents, Mr. and Mrs. James Brusk, Sr., of Lake Marie; his aunt, Mrs. Betty Vanderkloot of Antioch, and friends Linda Carlson and her fiancée, George Planey, and George and Sue Trotti.

Men's Club Meeting
The Lindenhurst Men's Club will meet Thursday, June 6, at 8 p.m. at the Civic Center on Old Elm Road. All men in Lake Villa Township are invited to join them.

Overheard in a doctor's office as he was giving a 7 year old boy a vaccination: "Johnny, we prefer calling this a vaccination rather than a 'fix'!"

4-H Achievers Get Awards

The 4-H Achievement night for the Sequoit Suzies and Sequoit Warriors took place recently in the Antioch Savings & Loan Community Room.

A welcome speech delivered by Marla Kessler began the evening. She was followed by Tim Sheppard and Andy Proctor who led the audience in the Pledge to the Flag and the 4-H pledge.

Talks and demonstrations were next. Joyce Kanka introduced Susan Hevredje who gave a very interesting demonstration of "finger sandwiches" and the various fillings.

A talk on citizenship was introduced by Dick Kessler and given by Carol Zeman. This talk surely made all the parents and children think twice about the situation our world is in today.

John Davis introduced Michael Harmon who gave an interesting talk on electricity and lamps.

A final demonstration, by George Davis and introduced by Melody Cox, held the audience enraptured as Davis showed how to make "Mix-in-the-Pan Brownies."

An innovation into the achievement night was the food parade narrated by Debbie Broecker. As each member came forward with the product they had made, Julie Healy gave them their awards and Barbara Hanson arranged the products on the buffet table. The dining covers parade was emceed by Leann Buchta; Marilyn Harmon arranged them on a display table.

The following parades were narrated by the respective girls: Fishing—Chris Walpole; Clothing and Indoor Gardening—Wanda Springer; Knitting and Dog Care—Lori Reband, and Babysitting and Crocheting by Nancy Palowski.

The evening was closed by Kathy Strochein who invited the parents to view the projects and sample the food projects. The older 4-H girls will hold their achievement night June 11.

J. Bodin Awarded Fellowship At N. Ill. University

Ray Page, Superintendent of Public Instruction, announced that 139 fellowships in the areas of mental retardation, learning disabilities and deaf and hard of hearing have been issued to 13 Illinois colleges and universities.

Jack Bodin, of Beach Grove Road, Antioch, received a fellowship at Northern Illinois University.

The fellowships are funded by \$166,800 of state and federal funds. Each fellowship is worth \$1200 for an eight-week course—half being paid to the teacher for expenses and costs and half paid to the college and university for tuition and costs.

Twenty fellowships were allocated for deaf and hard-of-hearing courses; 78 for educable mentally handicapped courses and 41 for learning disability courses. The courses will begin this month.

It's easy to place a classified—just call 395-4111.

"Build Spiritually" Wuth Tells Scientists

Today's world of destructive upheaval and tremendous change calls men to be spiritual builders.

This appeal from The Christian Science Board of Directors was heard by over seven thousand Christian Scientists, gathered from around the world for the Annual Meeting of The First Church of Christ, Scientist, in Boston, Mass.

The message from the Board of Directors, read by Arthur P. Wuth, its new chairman, stressed individual effort as the first step in any attempt to help solve the world's ills.

"Poverty, ignorance, war, racial conflict, immorality, civil disorder, mental and physical enslavement exemplify standards torn down, spiritual ideals desecrated, the best of civilization fallen into disuse," Wuth said.

Nehemiah's example as a spiritual builder was cited as still vital and useful to Christians today. In rebuilding the wall of Jerusalem, Mr. Wuth explained, Nehemiah was making practical his own understanding of God and his kingdom.

"Is not the need then for individuals dedicated to their work, committed and consecrated to the task of spiritual building?" he asked.

Mr. Wuth then quoted the disciple Peter: "Ye also, as lively stones are built up a spiritual house, an holy priesthood, to offer up spiritual sacrifices, acceptable to God by Jesus Christ (1 Peter: 2:5).

"Lively stones imply more than building blocks," he continued. "Liveliness denotes action, action

resulting from spiritual unfoldment, action that is inspired, rightly motivated, God-supported, God-sustained."

Singling out war and racial conflict as two of the major problems which the Church must confront, Mr. Wuth said:

"The Church must fulfill the requirements of peace by teaching the practicality of the great commandments—love for God and love for one's neighbor. It must teach the allness of God, good, the impersonality of evil, and the ability of the individual, whatever his race or color, to demonstrate this.

"Harmony, order, and peace know no color line. They belong to the spiritual heritage of each individual; and it is the responsibility of Church to assert, demonstrate and maintain this standard."

Gordon V. Comer, newly-elected President for the coming year, said that whatever the turmoil of the present times, spiritual values and all the blessings they bring to humanity will survive.

The Christian Scientists visiting Boston noticed many changes resulting from the large building project now underway. Considerable demolition and foundation work has already been completed. Construction is expected to begin this month on a new Administration Building, a new Sunday School building and a large multi-purpose building. The new Church Center is expected to be under construction for about two and one-half years.

Clothing Fires Are Out Of Fashion

The American Medical Association has for many years annually warned of the dangers inherent in flammable fabrics. There are many injuries and not a few deaths every year—mostly in the winter—from clothing fires.

This winter something new has been added to this danger—paper clothing. Paper clothing—mostly women's dresses—is so new that as yet there are few data on the potential burn dangers.

A top government safety official warned recently that people who wear paper clothing risk burning themselves if they wear it near an open flame after it has been laundered, dry-cleaned, or worn in a soaking rain.

The Journal of the American Medical Association reports that approximately 2 million persons annually are burned severely enough to require medical attention, and that 100,000 of these require hospital care. About 2,000 Americans die of burns each year. Far too many of these burn victims are injured when their clothing catches fire.

Whether the garment is paper or cloth, it might ignite if the wearer gets too close to an open flame. It's a temptation to huddle close to a stove or fireplace on a cold morning. It also can be fatal.

Simple fire screens or protective shields can eliminate some of the danger from open flames. Check your home today for such potential hazards: If you find one, correct it promptly.

Using kerosene or a commercial "fire starter" for the fireplace or barbecue grill also has potential hazards. If there are hot coals in the fireplace or grill, the volatile liquid may flare up or explode, especially in a closed room.

Little girls' dresses with flimsy, flaring skirts are obviously a fire hazard. So are flowing robes and night gowns. Small boys in their blue jeans are much safer. But even jeans will flare up if ignited.

If someone's clothing catches fire, roll him on the ground or floor, using a blanket or a rug to smother the flames. If the victim panics and runs, the flames will flare even higher. 2-68

Lake Co. Home Ec Council Sends Delegates to Urbana

Delegates to the Illinois Homemakers Extension Federation (IHEF) Citizenship and Organizational Conference will focus their attention on "Opening Doors to Opportunities for Better Living" during their meeting, June 12-14, at the University of Illinois, Urbana.

Lake County Homemakers Extension Association president, Mrs. Peter Snesby, Gurnee; first vice-president, Mrs. Alfred Ames, Zion; second vice-president, Mrs. Warren Chard, Grayslake; and public information chairman, Mrs. Calvin Bracher, Mundelein, are official conference delegates, but all members of the Federation are invited to attend the Elsie Mies Day activities, June 13. Mrs. Mies, who was president of the Illinois Home Bureau Federation from 1930 to 1934, was active in initiating the Citizenship Conference. A fund in her memory helps to finance the program.

The three-day meeting gets underway Wednesday with a luncheon at Weston Hall where the delegates will be housed. The afternoon session will feature a lesson on defensive driving, entitled "Woman Behind the Wheel."

Thursday morning's program includes a talk, "Sharpening Our Image of Young Families," by Dr. William M. Smith, assistant director for Family, Youth and Community Development, Co-operative Extension Service, Pennsylvania—State University. Miss Naomi Hiatt, executive director, Illinois Commission on Children, Springfield, will discuss "Citizens' Concern for Youth."

The banquet is Mrs. Norma Eaton, Lawyer, Teacher, world traveler and lecturer. She has chosen the topic "I Am Concerned—Are You?"

The conference is sponsored by the IHEF and the Cooperative Extension Service at the University of Illinois.

Graduates At St. Peter's

Forty-four students from St. Peter School graduated at the 12 o'clock Mass on Sunday, June 2. Rev. Lawrence Hanley delivered the graduation address, and diplomas were conferred by the Rev. Alfred Henderson and the Rev. Thomas McGovern.

The eighth grade graduates are: Susan Abderholden, Paula Berger, Joanne Apostol, Vera Bawyn, Anthony Baczynski, Ronald Bazar, Frank Benes, Albert Bucar, Christine Chase, Cheryl Crawford, Kirk Dalgaard, Russell Damske, Renee Desbiens, John Dost, Mariann Edmann, Mickey Ann Frisell, William Gaa, Mark Gilday, Mary Haley.

Joan Harmon, Allison Hevredje, Robert Huebner, Jeanine Keisler, Robert Letkey, Maureen McCarthy, Sharon Morgan, Bud Newton, Lawrence Pawlowski, Richard Proctor, Patricia Proeme, Kathleen Rappall, Dane Roth.

Food Stamp Program Briefing on Thursday

The Food Stamp Program, which begins here July 15, will be explained to food merchants in Lake County in a meeting on June 13, at 7 p.m. at the Public Library, 128 North County, Waukegan.

The briefing will be conducted by George Childress, assistant officer-in-charge of the Chicago Food Stamp Office.

Administering the program is the U. S. Department of Agriculture, in cooperation with the Lake County Department of Public Aid at 215 Water, Waukegan.

The Food Stamp Program represents another means of using America's agricultural abundance to improve the diets of low-income citizens by increasing their food purchasing power.

It works like this: The Department of Public Aid determines the eligibility of the family and tells them the amount they will need to invest in the program, an amount that generally depends on the family size and income.

Eligible persons pay that amount in cash for food coupons, and receive free enough additional cou-

pons to enable them to buy substantially increased food supplies.

Recipients spend their coupons just as they would money in any authorized retail food store. They can buy any food for human consumption they choose, except foods plainly identified as being imported. Since this is a food program, non-food items such as alcoholic beverages, tobacco products, soaps, pet food, vegetable seeds and the like cannot be purchased with food stamp coupons.

Grocers redeem the coupons at local banks through authorized food wholesalers. Banks redeem them through the Federal Reserve System.

Surveys have been conducted to determine the effectiveness of the Food Stamp Program first introduced in May, 1961.

These findings show that food sales, in dollars, increased an average of 8 per cent. Meats, produce and other grocery items shared in the increase, as did both large and small stores.

NI-Gas Earnings Increase

Marvin Chandler, Northern Illinois Gas Company chairman and president, last week told the utility's stockholders assembled in the company's general office building near Aurora, that revenues for the 12 months ended April 30 reached \$251 million, compared to \$230 million a year ago and \$241 million for calendar 1967.

Consolidated earnings per share of common stock, he said, rose to \$2.58 for the recent 12-month period, compared with \$2.46 a year ago, and \$2.50 for 1967.

And the annual dividend rate on the common stock, Chandler reported, was raised from \$1.52 to \$1.60 a share with the 40-cent quarterly payment on May 1, marking the tenth year in a row that NI-Gas has increased dividends.

The warmer-than-usual spring weather this year affected revenues for April and May, and will also affect those for June, Chandler told the stockholders.

"Further," he said, "President Johnson's 10 per cent surtax on federal income taxes, if enacted, will cost NI-Gas about 20 cents a share this year."

In discussing the utility's rate reduction history, and the latest rate cut, a \$2.3 million one that became effective May 1—Chandler said NI-Gas has lowered its charges to customers in the past six years by more than \$30 million on an annual basis. "We hope to be able to maintain this trend," he said. "It attracts more business and bolsters our already competitive position."

During the meeting, stockholders elected Larry S. Provo to the company's board of directors, raising board membership to 12. Provo is resident and director of the Chicago and North Western Railway Company.

They also ratified the appointment of auditors and adoption of a new Incentive Compensation Plan—a plan designed to give officers and managerial employees an increased incentive to outstanding performance, to reward such performance, and to attract and retain highly qualified persons for managerial positions.

Following the annual meeting, stockholders toured the company's general office building and inspected its modern natural gas Total Energy system.

Mary Jane White Receives Degree

Mary Jane White, Antioch, was among the 368 candidates for degrees at La Crosse State University's 59th annual spring commencement, Saturday, June 1, in Memorial Stadium.

President Samuel G. Gates conferred degrees upon 349 baccalaureate candidates, and 19 others completing the Degree Master of Science in Teaching.

Don Herbert, the "Mr. Wizard" of the long-running television science series, was the guest speaker. Herbert, who is associated with Prism Productions in New York, is a 1940 graduate of what was then La Crosse State Teachers College.

Miss White, daughter of Mr. and Mrs. Homer White, Rt. 2, received a B.S. degree in elementary education and plans to teach in the Palatine School District.

Call 395-4111 for free ad.

State Welfare Assistance Dips In March

The number of persons receiving assistance under three of the state's welfare programs decreased during March, but the total number of cases increased, according to a report from the Department of Public Aid.

Harold O. Swank, director, said the decrease was in the number of persons receiving assistance under the old age, blind and general assistance programs while the number of persons under the disability and dependent children programs increased. The total March caseload was 487,602 compared to 482,667 in February.

The March 1968 caseload included 363,014 persons on Assistance to the Aged, Blind or Disabled and Aid to Dependent Children receiving assistance and eligible for medical care; 51,622 eligible for Medical Assistance only; and 72,966 on General Assistance.

During March 1967, 325,102 persons were receiving assistance and eligible for medical services; 43,633 eligible for Medical Assistance only; and 63,243 on General Assistance.

In February 357,930 persons receiving assistance and eligible for medical care; 50,928 eligible for Medical Assistance only; and 73,809 on General Assistance.

Expenditures for March 1968 were \$34,176,838, compared to \$37,382,305 for February, and \$27,582,534 for March 1967. Current expenditures include \$1,861,812 in current and retroactive payments to the Department of Mental Health for persons age 65 and over eligible for public aid and residing in state hospitals. Included is \$265,369 in payments for Foster Care-ADC, Foster Care-Other, Aid to the Medically Indigent in Chicago and Cicero, and Burials.

Watch out for that child dashing into the street from behind a parked car! Slow down! Look under that parked car for a pair of little feet that may dash into the street.

McClory Praises High Court Decision

Congressman Robert McClory (R, Lake Bluff) today praised a recent Supreme Court decision upholding the power of Congress to punish draft card burners. Speaking from his Washington office, the Illinois Congressman also called attention to the similarity between the prohibition against flag burning (approved by the House last June and now awaiting Senate action).

"I commend the Court for its decision in United States vs. O'Brien, rejecting the claim that the public-burning of draft cards is a form of 'symbolic speech' protected by the First Amendment right of free speech. There is an important and definite distinction between speech and conduct. The Chief Justice aptly phrased the issue in emphasizing that the Court cannot accept the argument that 'an apparently limitless variety of conduct can be labeled 'speech' whenever a person engaging in the conduct intends thereby to express an idea.' Dissent may be legitimately conveyed without burning draft cards or flags under the guise of free speech."

The Court's action should also serve to overcome the symbolic speech argument raised in opposition to the House-passed flag desecration bill. Certainly the Federal Government should be capable of protecting its citizens from such repulsive displays as public flag burnings. If the law has the power to protect the trademark of a private enterprise, then certainly it has the power to protect the symbol of our national enterprise. In view of the O'Brien decision, I would hope that the Senate could schedule immediate action on the flag desecration bill.

Congressman McClory, who sponsored the flag desecration bill in the House, supported it vigorously before the House Judiciary Subcommittee on which he serves as the Ranking Republican.

Griffin Completes Factory Service Course

James Robert Griffin of Sequoit Harbor, Antioch, recently completed the two-week factory service school program at the Johnson Motors complex in Waukegan.

He was part of a class, drawn from Johnson dealerships throughout the world, which explored the finer points of the famous Sea-Horse line of outboard motors.

Not all of the students' classwork was devoted to theory, however. Included in the curriculum was Johnson's famous "troubleshooting" course, with expert instruction on how to quickly diagnose and repair outboard problems.

Johnson's service school, staffed by a faculty of 15 experienced outboard "doctors", is the largest and most modern of its kind in the world.

Eat, drink and be merry, for tomorrow it will probably cost more.

State Jurisdiction For Locker Plants

Beginning July 1, two types of locker plants will come under jurisdiction of the Illinois Department of Agriculture.

They are the custom plants dealing in farm-slaughtered livestock and the other plants that deal entirely with inspected meat, except the uninspected products properly wrapped prior to entering the plant for storage only.

Operators of the custom plants cannot sell meat products. Inspection and sanitation requirements will be identical for both types of plants.

The new regulations follow recommendations of the National Advisory Committee on Meat Inspection. Farmers may continue home slaughtering and taking the meat to a custom-locker plant for processing for the farmer's personal use.

Windows Broken By Vandals On Main St.

Vandals have been breaking windows in the rear of the vacant Ford garage building on Main St.

Twenty-two window panes have been broken in the past few weeks. A reward of \$25 is being offered by the owners for information leading to the arrest and conviction of the vandals.

Anyone having information should call 395-2131.

"There is no security on this earth; there is only opportunity," —General Douglas MacArthur.

Householders Here To Be Questioned on Employment

Persons in this area will be asked questions about their employment and unemployment the week of June 17-22 by Census Bureau interviewers. Director Theodore F. Olson of the Bureau's regional office in Chicago announced.

The questions are part of the Bureau's monthly population survey taken simultaneously throughout the Nation to gather up-to-date

Fr. Henderson To Give Mass At Epiphany

The Class of 1918, Epiphany School, 25th St. and Keeler Ave., Chicago will commemorate the 50th anniversary of its graduation with a Mass of Thanksgiving in Epiphany Church on Sunday June 16, at 11:30 a.m.

The Class of 1918 was the first class to complete the entire eight grades in Epiphany School which was opened in September, 1910. Of the sisters and teachers who taught this class in the various grades, only one remains, Sister Frederica Wier, O.P., now living in retirement at St. Dominic Villa, Dubuque, Iowa.

Celebrant of the Mass of Thanksgiving will be a member of the class, the Rev. Alfred J. Henderson, pastor of St. Peter's Church, Antioch.

ICE FISHING

The man-about-town who showed up at the coffee counter Monday with all of the signs of a bad weekend was the object of concern by his buddies.

"What in the world have you been doing?" one of them asked.

"Fishing through the ice," replied the fellow with the bloodshot eyes.

"Fishing through the ice! For what?"

And then the answer: "Olives, with a toothpick."

Re-elect Vose President Of Dairymen Group

Avery A. Vose, Pure Milk Association president from Rt. 2, Antioch was re-elected president of Associated Dairymen, Inc., May 25, at Associated's annual meeting in Kansas City, Mo.

Associated Dairymen represents an estimated 45,000 dairy farmers of the Midwest and Southwest. Its primary objective is to improve the income of dairy farmers who deliver milk to Federal order markets.

All other officers of Associated Dairymen were also re-elected. They are: first vice-president, W. T. Crouch, president of Milk Producers, Inc., San Antonio, Tex.; second vice-president, Geo. N. Pederson, general manager, Twin City Milk Producers Association, St. Paul, Minn.; secre-

tary, James L. Reeves, assistant general manager of Producers Creamery Co., Springfield, Mo.; and treasurer, Gary Hanman, man-manager, Square Deal Milk Producers Association, Highland, Illinois.

L.V. Will Have Two Summer Schools

Lake Villa Grade School Board held their monthly meeting Tuesday night, June 11.

The board discussed the salaries of custodians and bus drivers and decided to change the wage schedule from a yearly salary to an hourly wage with some increases. No definite salary was adopted.

The principal, superintendent and others will work out a scale for an hourly wage, and spell out duties, determine vacation periods and holidays, and will submit this at the next board meeting for adoption.

A discussion followed regarding the school's student insurance program. This was tabled pending further checking with insurance companies.

The Title I Summer School program and teachers for these summer projects were approved. Lake Villa will run two summer programs in the school. One will be for those attending public school (from 8:30 a.m. to 12 noon) and this will start on June 24 and lasts until Aug. 6.

Teachers are: Lena Fabry, Mrs. Margaret ReCupido, Helen Wolfbarger, Jean Hlovin, William Neubauer, Henry Schmidt, Jr., and James Bradley will be the administrator. This project has to do with remedial reading and language arts. An enrollment of 40 students is expected.

Another summer school program will be for children in the Central Baptist Home and Allendale School. Classes for this group begin on July 1st and will continue to Aug. 23 and classes will be in session from 8:30 a.m. to 3 p.m.

The program will be remedial instruction in reading and arithmetic.

New Home For Stray Dogs

Thanks to Line Garwood, Lake County Animal Warden, and his two assistants, Orville Hapke of Libertyville and Robert Wiese of Lake Zurich, Lake County stray dogs have a new home.

Garwood and his men have transformed a former milking parlor on Lakewood Farms into a temporary home for the dogs.

Ten runs have been built and eventually there will be 20. The men have worked for three months, tearing out the old stanchions and piping, installing heating units and doing cement work.

This is the first adequate place the county has had to hold the animals, and it is hoped that the department can retain the quarters after the farm is formally opened as part of the Forest Preserve District.

Antioch Beats Lake Villa 4-1

	R	H	E
Antioch	4	5	1
Lake Villa	1	3	3

Antioch's American Legion Post 748 baseball team started the season Monday evening, playing before the largest crowd they have ever had. The boys came through with a big win over Lake Villa, thanks to the fine pitching of Stroner. He pitched a no hitter until the sixth inning with two outs. Being tired—but to the heat, he was relieved by Wallwin.

Wallwin did a superb job of pitching—by striking out a man with the bases loaded in the sixth and striking out three men in the

seventh inning. Antioch scored two runs in the first inning when Carlson made second on an error; Nickerson made a sacrifice bunt, scoring Carlson from second. Tom Wipm hit a home run on the first pitch.

Antioch scored two runs in the sixth when Comstock singled, Quinn got to second on an error, Comstock going to third. Stroner singled the two runs in.

Lake Villa scored one run in the sixth after two were out on three singles in a row. Zancck scored the run.

The winning pitcher was Stroner and the losing pitcher was Miller.

Tom Myers Signed By Rifles

Tommy Myers, All-American quarterback for Northwestern University during the Ara Paraghiian era has signed with the Lake County Rifles for the 1968 season.

Myers, regular Wildcat quarterback from 1962 to 1964 is a part of the Rifle plan to bring big-name players and top notch football to Lake County fans.

Myers broke all existing passing records at Northwestern held by the incomparable Otto Graham excepts yards gained in one game. Myers and Graham share the total number of completed passes (20) in one game.

Some of Myers' other records are a total of 116 completed passes in one season with a career total of 279; yards gained by passing in one season at 1537 and a career total of 3836 yards. In one streak, Myers' great accuracy as a passer was demonstrated by 15 consecutive completed passes.

Myers' greatest year was in 1962 when he led the Wildcats to upset victories of 34-32 over Minnesota and an 18-14 win over Illinois. During the '64 season the Tommy Myers-Ron Rector combination completed a 78 yard pass for another Wildcat record.

Myers, a native of Troy, Ohio, where he threw 73 touchdown passes in high school, now makes his home in Arlington Heights.

He was voted All-American at quarterback by the Football Writers of America in his sophomore year. In 1962, he completed 116 passes in 195 attempts for a total of 1537 yards and 13 touchdowns.

Paul Flatty, current Viking receiver, was his chief target. In 1963 Myers completed 93 passes in 170 attempts for a total of 1398 yards and 6 touchdowns. As a senior, he completed 72 passes of 160 attempts and was awarded additional honors as starting quarterback in the Blue-Gray game and the Senior Bowl as team captain.

Dabiero, who signed Myers for the Rifles, remarked, "Tommy is a tremendous addition to our club. With Lew Flinn, the Rifles will field two of the sharpest passers in the league. Personally, the Rifles should have the best roster going into training camp in our four year history."

The Rifles, who will play all their Central States Football League home games at Waukegan's Weiss Field, will open season play August 10 in an exhibition game against West Allis in the 2nd annual Shriner's Charity game.

Team Needs Ball Players

Players under 19 years of age are needed for the Antioch Post No. 748 Baseball Team. Home games are played at the Antioch High School athletic field.

Anyone interested in playing on the team should contact Arthur Bleeke at Antioch High School.

BASEBALL SCHEDULE

All games are scheduled to start at 6:00 p.m. Forfeit time is 6:30.

Bob Anzinger of Antioch, looked like he was on his way to a feature victory Saturday night at the Waukegan Speedway in the late model division, but a wheel spindle broke while Anzinger was in the lead. Bob will be back next Saturday night looking for a win in the 50 lap Spring Championship late model main event at the Speedway.

Mustangs Slice Admission

Organized groups can attend Chicago Mustangs professional soccer games at reduced prices, Cary Kay, Mustangs' public relations director announced today. All home games are played at White Sox Park, Dan Ryan Expressway and West 35th Street.

The special, lower admission rates are available to church, civic and fraternal groups, school athletic departments, corporations... literally any organized activity.

The Chicago Mustangs are in the Eastern Conference, Lakes Division, of the North American Soccer League. The league is comprised of 17 teams from throughout the United States and Canada. Coached by Chicagoan, George Meyer, the Mustangs player roster includes stars from former U. S. Olympic and Pan American teams, as well as international players from the soccer capitals of the world.

Soccer is acclaimed one of the most exciting of all organized sports. Played in 45-minute halves, with a 15-minute intermission, soccer is a non-stop action contest. Only in rare instances is a time-out permissible.

From the opening kick-off to the final whistle, rough-and-tumble body contact, speed and precision teamwork dominate the playing field.

"For an exciting afternoon or evening, nothing matches the continuous sports action of professional soccer," said Kay. "The game is easy to understand and can be enjoyed by everyone without any prior knowledge of the rules, player positions or terminology."

The Mustangs' remaining schedule includes games with New York, June 30; Toronto, July 2; Washington, July 5; Baltimore, July 9; Cleveland, July 30; Toronto, August 13; Detroit, August 20; San Diego, August 30; and Detroit, September 6.

2700 See Races At Wilmot Saturday

Saturday, June 8, Wilmot, Wis.—There was more of just about everything at the Kenosha County Speedway in Wilmot, Saturday night as the modified stock cars of the Interstate Racing Association ran their second race of the season.

The first race of the season on the previous week was a wild one for driver Jacobson of Trevor who flipped end over end. This time the wild action involved Jim Sullivan and Tom Anderson.

In the 30 lap feature race, Sullivan started on the pole spot and took the lead but had early hard pressure from Al Schill of Franksville. Later, however, Tom Anderson got into the second spot and applied extra pressure coming off the number four turn and the result was a skid into the infield for Sullivan.

Sullivan's Irish flared and he sped back onto the track dropping into position in front of Anderson on his next lap. In spite of the fact that both cars were running at top racing speeds, Anderson was held up long enough that Schill got by and took the win. Anderson was only partially satisfied with second. He wanted his first feature race victory.

Finishing behind Anderson were, Bill Bohn, Roger Otto and Roger Iles. Earlier, while Sullivan was leading, Bill Bohn and Otto moved together into the number two spot in the number two turn and then got too close and stalled out. Both restarted and Bohn made a great recovery to get third spot.

The wild action of the feature race was preceded by the hard close running in the heat races. The second heat race saw Freddie Zack, Paul Cameron and Ken Hanson crash together in the number one turn on the first lap.

Zack was not able to restart but Jim Bozeman held up the Bryan Russell team colors as he got the win over Sullivan and J. Jamerson.

Jim Hedges of Kenosha, Whitey Harris and Otto scored wins in the other heat races. Bill Klein of Burlington won the semi-feature race.

In the street stock car feature the win went to Mike Jacobi of Milwaukee. It was his second victory of the night. His first

came in the bonus heat for the cars made necessary by the large number of cars in the street stock group.

Jerry Schwin and Ken Zeisse were winner in the first two regular heats for street stock cars.

The modified stock cars were also on hand in greater numbers. Adding the spirit of increase in numbers was the fans. The 2700 attendance figure increased last week's total payoff by nearly \$500 making a \$2100 purse shared by the drivers.

Starting Wednesday, June 12, the IRA modifieds will race at the Bob-Jo Speedway in Sycamore. This date is added to the Speed-Center and Rockford weekly dates in addition to Wilmot and Waukegan on Saturday and Sunday.

Ted Larson Top Putter

The Tuesday Night Business Men's League had a putting contest and Ted Larson edged out Al Bucar, Jay Dieck and John Teresi for top prize. Al had 15 putts, but Larson won in the play-off. For the most putts, Walter Shepard was way out in front.

Tom Sexton Wins Rockford Drag Race

Tom Sexton, of Sexton Automotive, Antioch, won the Super Eliminator races at Rockford Dragway Saturday, June 8, at Byron, Ill., south of Rockford.

His SOHC Ford APD ran against an AA/GD in the first race. Tom received a 3/10 second head start based on a national record difference between the two different class dragsters. When the starting light went green, Tim's Ford powered dragster was off and never was approached by the other car as Tom turned an 8.40 E. T. at 175 m.p.h. and had a little handling trouble on the top end of the quarter mile.

The next run was a single car race because there was an odd number of cars left and Tom's car got the bye run because he was the quickest E.T.

The next run, the last for the top money and the night show, Tom was racing his dragster against a supercharged fuel altered coupe from Rockford. The altered received a 3/10 second head start over Tom on this run due to class record difference. Both cars were off hard and fast on the green, smoking their big tires heavily as Tom's dragster, "Ad-

renalin", pulled alongside at the halfway point and kept going to win with an 8.19 elapsed time at 181 m.p.h. which was a new low E.T. for the night.

renalin", pulled alongside at the halfway point and kept going to win with an 8.19 elapsed time at 181 m.p.h. which was a new low E.T. for the night.

THURSDAY, JUNE 13, 1968 THE ANTIOCH NEWS 7

Tom Anderson of Indian Point (Antioch) is proving to be tough competition in the modified stock car races at Wilmot and Waukegan tracks. Anderson and his "Yellow Jacket" won first place in the Trophy Dash last Sunday at Waukegan and took second place in the feature race Saturday night at Kenosha Co. Speedway, Wilmot.

Anderson Wins Trophy Dash Sun.

The weatherman was the big winner at the Waukegan Speedway last Sunday night but not until eight events were history. Sprinkles fell before the trophy dash, but the persistent showed started just as the modifieds lined up for their feature event.

Bill Bohn set the fastest qualifying lap of the evening in his

red and white number 2. The trophy dash was hotly contested as Jim Ouillette set the pace for three laps before Tom Anderson and Whitey Harris got by. Harris tried to pass Anderson on the outside on the final turn but failed.

The third heat was exciting all the way as Jim Sullivan held the lead from the first lap with Whitey Harris and John Reimer challenging all the time. Harris finally passed Sullivan on the eighth lap and raced on to the win by a close margin.

Ken Hansen won the fourth heat after a good race with Ron Bergsma and Jim Ouillette. Jim Couch and Bob Klemm won the hobby stock qualifying heats.

Qualifications—Bill Bohn, Ken-

sha; Jim Bozeman, Waukegan; Tom Anderson, Antioch.

Trophy Dash—Tom Anderson, Whitey Harris, Bill Bohn.

First Heat—Homer Ansell, Ken Monroe, Chuck Achieson. Second Heat: George Fischer, Joel Reimer, Roger Iles. Third Heat: Whitey Harris, Jim Sullivan, John Reimer. Fourth Heat: Ken Hansen; Ron Bergsma, Jim Ouillette. Fifth Heat: (Hobby Stock) Jim Couch, Dave Cermack, Charles Belcher. Sixth Heat: (Hobby Stock) Bob Klemm, Chuck Chadwick, Tom Reuss.

say Dad...
ever wonder
how Mom
got the money

Come Sunday morning,
will you be one of the millions of fathers
who are forever amazed?

Will you look at your new fishing reel
or power tool or camera...

and wonder:

"How did Mom get the money?"

You'll know she didn't rob a bank...
and she didn't sell the car.

Maybe, just maybe,
we can give you a hint.

Is Mom an A&P shopper?
Could it be that the savings
she makes each week of the year
add up to so much?

Why not ask her?

Before you do though,
better take a quick look in the garage
to make sure the car's still there.

Consent Decree Ends Suit Against DAV

Mario G. Tonelli, Illinois state commander of the Disabled American Veterans, announced an agreement with the Attorney General's office has settled the suit to enjoin the DAV against operating its Thrift Store program.

A consent decree, signed by Judge Donald O'Brien in the Circuit Court of Cook County, provides the stores shall be administered by a committee of three members, plus the state DAV commander as an ex-officio member.

Initial members of the committee, in addition to Commander Tonelli, will be:

Michael J. Howlett, state Auditor of Public Accounts; Joseph Vadovick, CPA and partner in William Blair & Co., investment counsel; Francis A. Rogan, CPA, and certified accountant and past president of the Society of Former Special Agents of the FBI.

The decree provides for dissolution of the Disabled Veterans Service Foundation, Inc., which formerly helped operate the stores, and for direct control by the state executive committee of the DAV.

Further provisions are:
1. A trust declaration of 1961 between the DAV and the Foundation is terminated.
2. An employment contract with Alfred C. Welker, who supervises

the stores, was amended to reduce his overriding commission from 40 per cent to 30 per cent.

3. Solicitors for the stores shall be registered with the Attorney General under the Charitable Solicitation Act.

4. In solicitation of funds and property for the stores, the public will be advised that net proceeds from the program will be used for DAV service programs.

5. The DAV will file quarterly uncertified reports of operations and annual certified reports with the Attorney General.

In the original suit, the Attorney General charged that the stores sold more than a million dollars worth of goods and only turned over \$28,000 in net profit to the foundation.

"The small margin of profit was to be expected in a reclamation operation such as our Thrift Stores program," said Tonelli. "No officer or trustee of the DAV ever received any compensation from this program. All funds raised were used to finance, maintain and operate the service programs and operations of our organization."

"We have more than 9,000 members in 74 Illinois chapters of the Illinois Disabled American Veterans. The chapter dues are only \$5 to \$8 a year, of which only 50 cents is turned in to the Illinois

Cossman Wins Sat. Feature

Jim Cossman strengthened his championship late model point lead Saturday by winning the 30 lap late model feature before the largest late model crowd in track history. Last week feature winner, Mel Dorland, was uninjured

Department office. We could not operate the state office without fund raising effort.

"We hope and believe the administration of our Thrift stores program by the Howlett committee will restore public confidence in the Disabled American Veterans fund raising effort which has been injured by the publicity surrounding this injunction suit."

Chamber Plans Workshop

The Illinois State Chamber of Commerce has announced plans for a workshop to evaluate local criminal justice systems.

Sponsored by the State Chamber's Committee on Respect for Law and Order, the state-wide meeting for businessmen and local chamber of commerce officials is scheduled for Wednesday, June 12, in the Holiday Inn East, Springfield.

George B. Peters, chairman of the Chamber committee, which has been hailed as a model for the rest of the country, said, "The morning, luncheon and afternoon sessions will feature to experts discussing such timely and crucial topics as police-community relations, police department effectiveness and the role of other community agencies."

In discussing the purpose of the workshop, State Chamber President E. Stanley Entlund said, "If our laws are to be enforced and our homes and communities made safe, businessmen must be prepared to evaluate local criminal justice systems and support changes where needed."

Peters is president and chief executive officer of Aurora Metal Company, Aurora, and Entlund is president of First Federal Savings and Loan Association of Chicago.

In a spectacular flip in the fourth heat race involving five cars.

Jim Pasley jumped into the feature lead and the race had to be stopped in the second lap when Al Gutche spun and was stranded in the middle of the number 2 turn. On the restart, Pasley promptly spun out of the lead and the race, with Gutche taking the lead.

His lead was short lived when Bob Anzinger, an ex-modified pilot at Waukegan, blasted into the lead, but then Anzinger broke a spindle three laps later and slowed in front of the field causing mass confusion as cars spun and crashed behind him.

The race had to be stopped twice more for accidents before Cossman triumphed in his second feature of the season. Hagerty held second and Jack Ester took third money.

Both Cossman's and Hagerty's cars were severely damaged in heat race accidents and it took fine pit work to have these cars in competitive condition for the 30 lap feature. Hagerty went high in the air off the homesretch wall while battling for the lead with Al Gutche.

Bob Klemm again swept the hobby stock races after moving through the field quickly as accidents and spins slowed the other contenders. Jim Couch finished second and Charles Belcher gained third money.

Next Saturday night, June 15, will be the first extra lap test of the season for the late models as they race in their 50 lap Spring Championship races. Another large field of entrants is expected as Saturday's drives share in the largest single late model purse in track history.

SPECIAL ASSESSMENT NOTICE
NOTICE IS HEREBY GIVEN to all persons interested, that the Board of Trustees of the Village of Antioch, Illinois, having ordered that a local improvement be made, to consist of the construction of a system of sanitary sewers, with the necessary manholes, force mains, lift station, and all necessary appurtenances, in a portion of Hillside Avenue and Hennings Court, (a/k/a Hennings Road), in the Village of Antioch, Illinois, the Ordinance for said improvement being on file in the office of the Village Clerk; said Village having applied to the Circuit Court of the 19th Judicial Circuit, Lake County, Illinois, County Division, for an assessment for the costs of the improvement according to the benefits, and an assessment therefor having been made and returned to that Court, the final hearing thereon will be had on the 1st day of July, 1968, in the Motion Court Room, of the Circuit Court of the 19th Judicial Circuit, in the County Building, 18 North County Street, Waukegan, Illinois, as Docket No. 24, and Court No. 68TX1542, at 10:00 A.M. or as soon thereafter as the business of the Court will permit.

Said Ordinance provides that aggregate amount of said assessment shall be divided into ten installments each bearing interest at the rate of six per centum per annum from the date of the first voucher issued on account of work done on said improvement.

All persons desiring may file objections in said Court, on or before said date, and may appear on the hearing and make their defense.

Dated, at Antioch, Illinois, June 7th, 1968.

GEORGE BARTLETT
The Person appointed to make said Assessment
(June 13-20, 1968)

LEGAL NOTICE

NOTICE FOR BIDS
Notice is hereby given that sealed bids will be received by the Board of Trustees of the Village of Antioch, County of Lake, Illinois, at the regular meeting, Tuesday, July 2, 1968, until 8:00 o'clock P.M. Said meeting to be held at the Municipal building, 874 Main St., Antioch, Illinois, for the re-roofing and repairing of the pump house at 876 Broadway, according to specifications on file with the Village Clerk.

Bids shall be addressed to C. B. Shultis, Village Clerk, of the Village of Antioch and shall be in his hands on or before 8:00 P.M. July 2, 1968.

The Board of Trustees reserves the right to reject any and all bids, to waive any informalities in any bid, and to accept any considered advantage to the Village.

This advertisement is made pursuant to the direction of the Village Board of Trustees on June 4, 1968.

C. B. Shultis
Village Clerk
(June 13, 1968.)
